

Join the Coast Capital Savings Youth Get It™ Intern program.

The paid student job that can kick-start your career.

Our Youth Get It Interns have a unique, year-long work experience where they combine real-world paid branch experience with the fun of public community events and the satisfaction of additional volunteer hours. It's kind of like a 3-in-1 deal, no coupon required.

As a Youth Get It Intern, you'll:

- Be part of our high-energy team representing Coast Capital at fun community events like Canada Day or Surrey Tree Lighting Festival.
- Work part-time in a Coast Capital Savings branch, helping members on the front line of a growing financial institution. You'll get extensive training, so you'll be prepared to deal with financial transactions, while being part of a branch team.
- Complete volunteer hours teaching youth about financial literacy skills. Again, you'll get all the training you need.

More than a paycheque...

You'll build valuable skills that will help you get ahead in your life and your career. You'll start to build a network of connections, and you'll get to work with other enthusiastic students just like you. And of course, you'll be paid for your time.

We're looking for students who are friendly, trusted, professional, and helpful. Through your time as an Intern, you'll gain skills in:

- Leadership
- Community relations
- Teamwork
- Financial literacy

Build a great resume...and have a blast doing it.

At the end of your term, you'll have great experience with skills you can take with you, knowledge about the real world of banking, new friends, amazing memories, and money in your pocket. It's a pretty unique job experience.

What's the commitment?

With the Coast Capital Savings Youth Get It Intern program, the commitment goes both ways. We ask that you commit to being reliable, dependable and punctual. After your academic school work, this needs to be your #1 priority. In return, we'll commit to training you, paying you, and making sure you have an awesome work experience, pinky-swear.

Want to join the team?

If you're a student entering grade 11 or 12 in September 2019 and live in Metro Vancouver, the Fraser Valley, or Greater Victoria, you're eligible to apply.

To learn more or apply online, visit coastcapitalsavings.com/youthinterns.

Applications close April 5, 2019.
